Reporting & Analytics

With Spear, your insurance organization will be operating on the most advanced technology built from the ground up for your business! You'll be able to pivot quickly to changing market conditions, respond to new business requirements faster and less costly than ever before, and experience what a modern core insurance platform should really be like!

Who We Serve

**Insurance Companies/Carriers · TPA's · Self-Insured Groups/Employers
Risk Management Firms · Public Entity Groups · Program Administrators**

Spotlight on Spear**Suite**™

A comprehensive end-to-end core insurance software solution built on the world's leading technology platform from Microsoft.

▶ ### Spear**Policy**™
Multi-line, multi-state policy administration system will elevate your operations and allow your underwriting team to adapt and thrive in a changing market.

▶ ### Spear**Billing**™
An integrated and robust billing solution designed with insurance billing in mind. Automate complex billing activities and digitize the entire process with ease.

▶ ### Spear**Claims**™
Multi-line claims management system that handles everything from multi-jurisdiction workers' compensation to commercial and personal auto to property, and even homeowners.

▶ ### Spear**Portal**™
Provides your agents and policyholders with a seamless, easy-to-use, and meaningful experience to access policy information, download documents, report claims, submit new business, and so much more!

▶ ### Spear**Analytics**™
Dive deep in your data and third-party data sets to uncover trends, predict future outcomes, and improve results with AI.

▶ ### Spear**Rating**™
An integrated and easily configured rating engine supporting multiple lines, states, and various elements.

SPEED. CONTROL. RESULTS.

BUILT FOR **INSURANCE**

Designed and built for the unique needs of property and casualty insurance companies of any size.

ANYTIME, **ANY**WHERE

From your office or at home, from a desktop computer to a mobile device, your staff can work anytime, anywhere to serve your business.

BE IN **CONTROL**

Break the cycle of vendor dependence and stay in control from your data to forms, custom workflows to ad-hoc reporting.

ADAPT TO MARKET CONDITIONS

Know that with Spear your business can make the necessary changes on-the-fly to adapt to changing markets and customer demands ... all measured in minutes, hours and days, not months or even years!

CLOUD NATIVE

Spear's cloud-native solutions are fully managed and administered in the Microsoft Azure™ cloud & Dataverse™.

GAME CHANGING **TECHNOLOGY**

Escape the restrictions of legacy software solutions which are holding your business back and experience Spear's game-changing approach and technology.

A FOUNDATION YOU CAN **TRUST**

Bring a new standard of **speed**, **control**, and **results** to your entire insurance organization with Spear. Our solutions are built on the world's leading technology platform and offer unprecedented capabilities.
